

# Care like no other, for all cancers

McGrath Cancer Care Nurses provide expert nursing care and support to people experiencing any type of cancer, and their families. For free. Right across Australia.

# We're there when you need us most

For 20 years, we've given our all to people experiencing breast cancer. Together we've achieved so much for many, and through it all gained a lifetime of knowledge.

Now, the proven positive impact of the way we care has led us to a new vision. We're taking our care to all cancers. And we need your help to do it.

We raise money to fund McGrath Cancer Care Nurses right across Australia and deliver world-leading clinical, psychosocial and emotional support to people with any type of cancer throughout their treatment.

Around 1 in 2 people in Australia will be diagnosed with cancer in their lifetime, meaning the need for McGrath Cancer Care Nurses is greater than ever. It's going to take more training, more fundraising, more support.

Because no one should go through cancer without care.
